

eden project

This is to certify that Bywaters has achieved a reduction in its carbon footprint and is committed to continuous improvement in sustainability

Valid to 31 March 2021

Steve Malkin
Founder
The Planet Mark

Sir Tim Smit KBE
Co-Founder
The Eden Project

MEASURE

-6.5% absolute carbon reduction

-25.3 % carbon reduction per employee

We are committed to reducing our carbon emissions yearly so that together, we can all halt climate change.

- Total carbon footprint: **3,297.7** tCO₂e
- Reporting boundary: Head office, MRF and Transfer Station, London
- Emission sources: Electricity, natural gas, gas oil, T&D losses, water, fleet, paper
- Reporting Period: 1 Jan 2019 – 31 Dec 2019

ENGAGE

467 FTE employees

We engage our employees and wider stakeholders to unlock their talent and knowledge to drive year on year progress in sustainability.

COMMUNICATE

We recognise that transparent communication is essential for transformational change and we quantifiably report on.

7 SUSTAINABLE DEVELOPMENT GOALS

SOCIAL VALUE

Total Social Value **£104,660**

We measure our contribution to society in terms of employment, work placements & apprenticeships, volunteering & donations, procurement and carbon.

We see a world where we all contribute to a thriving planet and are a collective force for good. The Planet Mark enables organisations and their people to positively transform society, the environment and the economy.
