# U Bin Series

The U Bin Series is a smart and sustainable choice for efficient waste management. Made from 100% recycled plastic, these bins are durable, eco-friendly, and designed to last. Shaped and coloured lid inserts make recycling effortless, guiding correct disposal. A deep lid keeps liners neatly out of sight, ensuring a clean look in any setting.

## Materials

Bin body: Recycled Plastic

## Dimensions

Height: 810 mm

Width: 330 mm

Depth: 500 mm

Capacity: 70 Litres

## Customisation Options

Lid insert configurations, logo and signage.

# Essential Series

The Essential Series offers a sustainable and practical waste solution. These flat-packed recycled cardboard bins are easy to assemble. Each 60-litre bin is made from 73% recycled content and is 100% recyclable. Ideal for offices and warehouses, they ensure eco-friendly waste disposal. Each pack of 5 bins comes with pictogram stickers 25

## Materials

Bin body: Corrugated Cardboard

## Dimensions

Height: 700 mm

Width: 280 mm

Depth: 400 mm

Capacity: 60 Litres

## Customisation Options

Lid insert configurations, logo and signage.

Essential Series

## The Cupola Series

The Cupola Series are a durable and efficient solution for cup recycling. Its vacuum-formed lid features separate sections for cups, lids, and liquids, which can be emptied individually. With a leakproof, fully sealed body and easy-to-maintain design, it ensures clean and hassle-free waste collection.

### Materials

Bin body: Polythene

### Dimensions

Height: 915 mm

Diameter: 419 mm

Capacity: 100 Litres

### Customisation Options

Logo and signage.

# 2025 Modern Series

Bywaters presents its 2025 Modern Series, the cutting-edge bins tailored to meet your recycling requirements in style. With approximately 70L capacity per waste stream, it's perfect for any space. Made in the UK from premium 80% recycled materials, it's abrasion and scratch-resistant. Use with the Bywaters-recommended liner system to save 80% of plastic used over standard liners.

## Single Base Unit Dimensions (Approx.)

Height:	900 mm
Width:	444 mm
Depth:	336 mm
Capacity:	Approx. 70 Litres

## Customisation Options

Surface colour, materials, logo and signage.

2025 Modern Series

## 2025 Modern Series Full Catalogue

The 2025 Modern Series offers a range of configurations to suit all of your recycling management needs.

Each array can handle one to five different waste streams, as well as a variety of apertures to suit your needs (see pictures). For other options, please contact us directly for customisation possibilities.

Single Waste Stream

Height: 900 mm  
Width: 336 mm  
Depth: 444 mm

2 x Waste Streams

Height: 900 mm  
Width: 614 mm  
Depth: 444 mm

3 x Waste Streams

Height: 900 mm  
Width: 892 mm  
Depth: 444 mm

4 x Waste Streams

Height: 900 mm  
Width: 1188 mm  
Depth: 444 mm

5 x Waste Streams

Height: 900 mm  
Width: 1466 mm  
Depth: 444 mm

# The Battery Box

The Battery Box has a capacity of 10 cubic litres and is the larger of Bywaters’ battery containers. The cubic design allows battery boxes to be stacked in multiples minimising storage space. These durable containers are designed to suit all sorts of workshops, loading bays and warehouse facilities.

## Materials

Bin body: Polypropelene

## Dimensions

Height: 300 mm

Width: 240 mm

Depth: 270 mm

Capacity: 10 Litres

## Customisation Options

Logo and signage.

# The Battery Tube

Bywaters makes battery recycling easy with the battery tube, a durable compact container for recycling portable (household) batteries. The battery tube has a capacity of 3.5 cubic litres and is the smaller of Bywaters' battery containers. The battery tube's attractive, slim design occupies little space and is well suited to the office environment.

## Dimensions

Height:	330 mm
Diameter:	125 mm
Capacity:	3.5 Litres

## Customisation Options
